NUSD has used this feedback to inform the actions and goals for 2019-20, and will continue forward with three major LCAP goals. The goals are as follows:

Student Success: All students will demonstrate mastery of grade level content as well as the Novato Unified School District Graduate Profile (Six C's) and will meet the UC/CSU entrance requirements upon graduation so that they are prepared for and successful in college and career.

Staff Success: All staff will receive the appropriate support and resources in order to create the conditions to ensure student success.

13.c. 2019-2020 Preliminary General Fund Budget - 8:15 p.m.

Yancy Hawkins, Assistant Superintendent, Business & Operations presented the 2019-2020 Preliminary General Budget as required pursuant to Education Code (EC) Sections 35035(g), 42130 and 42131. These code sections require the Governing Board of each school district to certify the district's ability to meet its financial obligations for the current fiscal year and the subsequent two fiscal years. This certification must occur by June 30, 2019.

Mr. Hawkins reviewed the 2019-2020 Proposed Budget, including recommendations from the Governor's May Revision budget, School Services of California (SSC), and Marin County Office of Education (MCOE), as well as the Common Message released by the California County Superintendents Education Services Association (CCSESA).

A final draft of the 2019-2020 General Budget will be presented to the Board on June 18, 2019.

13.d. 2019-2020 Budget Reserves - 8:45 p.m.

Yancy Hawkins, Assistant Superintendent, Business & Operations, reviewed the Budget Reserve process.

NUSD's preliminary 2019-2020 budget has total combined expenditures and transfers out in the amount of \$89,631,647, resulting in a Reserve for Economic Uncertainties in the amount of \$2,688,950. The projected Ending Fund Balance at June 30, 2020, is

\$5,575,667 (6.2%), which is \$2,886,717 (3.2%) in excess of the State required minimum fund balance. The District also has \$3,162,236 in Fund 17.

The County Offices of Education in the State of California, including the Marin County Office of Education (MCOE), continue to reinforce the need for reserves in excess of the minimum reserve requirement. Additionally, the Government Finance Officers Association (GFOA) recommends reserves equal to two months of average general fund operating expenditures, or around 17%. Furthermore, the level of the reserve is a critical component of the determination of ratings as issued by Fitch or Moody affecting bond sales and bond interest rates.

NUSD has typically maintained a reserve of approximately between 15% and 20%, with Board intent of keeping approximately 15%. A reserve of 15% is crucial to the fiscal integrity of NUSD to provide protection against unpredictable or known factors as identified below:

- Increases in PERS/STRS Benefit Contributions
- Declining Enrollment
- Reserve for Restricted Programs
- Uncertainty of Continued Funding of the LCFF at the Levels as Predicted by the Department of Finance
- Cash Flow due to Reserve ERAF and Possible State Deferrals and Other Changes in Revenue Timing
- Recommendation for Two Months of Operating Expenditures by GFOA 17%

The 2019-2020 Budget Reserves will be voted on by the Board on June 18, 2019.

15. DISCUSSION/ACTION - 9:10 p.m.

15.a. Middle School Social Studies Instructional Materials Adoption - 9:10 p.m.

Jen Larson, Director, Instruction, gave a brief history of the adoption process. In the fall of 2018, a team of teachers from all middle schools volunteered to begin the pilot process for grades 6-8. After critically evaluating all state approved materials, the team identified four programs to explore more deeply and ultimately chose two to pilot. McGraw Hill School Education and National Geographic Learning.

Each middle school has had at least one teacher piloting each program at each grade level since February. The team reconvened on May 28th to decide which

program they will bring to the Board of Trustees for recommendation. Their decision was based on the elements listed in our evaluation tool, teacher feedback, student feedback, and evidence that the NUSD priorities for providing rigorous and inclusive instructions, is supported.

Ms. Larson presented the results of the Social Studies Adoption process which included teacher and student feedback. Through the team's extensive exploration, research, and pilot process, they felt McGraw Hill's Impact provides the instructional materials most aligned with NUSD and the Social Studies' team's priorities. This program is a dynamic, student-centered program designed to help teachers make an impact in the classroom, and to inspire students to make an impact on the world around them. The materials are designed to spark the kind of engagement that turns curiosity, knowledge, and critical thinking into empowered citizenship.

A teacher shared her experience during the pilot process both from the students and her perspective.
