The State Board of Education (SBE) approved standards for the local indicators, supporting local educational agencies (LEAs) in measuring and reporting their progress within the appropriate priority area. LEAs determine if they meet the adopted performance standards using self-reflection tools.

Basic Services and Conditions (Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities) (Priority 1)

Information is already collected through the School Accountability Report Card (SARC).

Implementation of State Academic Standards (Priority 2)

The SBE adopted self-reflection tool has the following Rating Scale (lowest to highest):
1 Exploration and Research Phase; 2 Beginning Development; 3 Initial Implementation; 4 Full Implementation; 5 Full Implementation and Sustainability

Parent Engagement (Priority 3)

LEAs provide a narrative summary of their progress toward: (1) seeking input from parents/guardians in school and district decision making; and (2) promoting parental participation in programs. The summary of progress must be based either on information collected through surveys of parents/guardians or other local measures.

School Climate (Priority 6)

LEAs provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness.
